CRYSTAL STUDIES, COMPREHENSIVE INSURANCE FOR STUDYING ABROAD!

Crystal Studies is an insurance solution designed for students and schoolchildren living abroad for up to a year for the purposes of travel, language training, au pair placements, internships or studies. You will be studying abroad for more than 12 months? Check out **Expat Student**, our insurance solution especially designed for studies of 12 months and more worldwide!

WHY TAKE OUT INTERNATIONAL INSURANCE?

Healthcare costs abroad vary by country and can be extremely high. Quite frequently, your home country healthcare benefits aren't valid abroad.

You won't be able to rely on Social Security cover:

- > cover isn't granted in all cases,
- > reimbursements are based on rates. Healthcare costs abroad can be for higher than those in your home country.

In Europe, the European Health Insurance Card (EHIC) provides insufficient cover:

- > limited access to healthcare professionals and care facilities within the public system (with sometimes very long waiting times),
- > no free choice of doctor,
- > no certainty that your card will be accepted,
- > your own contribution to costs may sometimes be significant.

Bank card cover is only valid for trips of 3 months maximum:

With a "basic" bank card, there's a minimum excess of €50 per item and total reimbursement is capped at €11,000.

YOUR BENEFITS WITH CRYSTAL STUDIES

- > No excess on medical expenses
- > No cash advance if you are hospitalised
- > Cover valid in each country you visit and during short return trips to your country of nationality
- > An e-claims service: it's easy to send us your claims for reimbursement from the Customer Zone or via the Easy Claim app.
- > Meets requirements for the biggest international universities and the Schengen visa authorities
- > A translation service and a legal assistance hotline to help you with administrative procedures

EHIC top-up cover is available to children and students who are covered by the statutory Social Security scheme of one of the EU countries, Switzerland, Norway, Iceland and Liechtenstein. **To qualify, you must apply for a European Health Insurance Card from your Social Security centre before leaving. You should then show the card to the medical authorities in your host country. In this case, APRIL International will only provide top-up reimbursements if you can provide evidence of having first received compensation from the statutory scheme.**

Unlike the Complete option, the Mini option does not provide cover for all eventualities arising during a trip abroad. It provides basic cover but APRIL International recommends the Complete option.
