Why take out international insurance?

As you know, health care costs abroad can quickly escalate. They vary greatly from country to country and often the cover you have in your home country is not valid.

For that reason, we have developed international insurance solutions to meet the specific needs of the students abroad. Suitable for long-term stays abroad (from 1 to 6 years), **Expat Student** replaces French social security and mutual insurance cover.

This will help you avoid excessive health costs which can be particularly hard to afford for a student !
